

THE BILLING AND REIMBURSEMENT ANTIDOTE

"Since 1999, when MFHS began operating a prenatal care program in the Scranton area, the average revenues generated per delivered patient had been dropping about 1% per year. In the last two years, with the engagement of PPMRS, the average revenue collected per delivery has jumped 16%."

PPMRS Spells Efficiency for Regional Hospitals, Imaging and Diagnostic Centers

Physician Practice Management and Reimbursement Specialists (PPMRS) has improved overall billing performance for healthcare clients in Northeastern Pennsylvania for nearly a decade. PPMRS is recognized regionally as the billing and reimbursement antidote for ailing healthcare facilities.

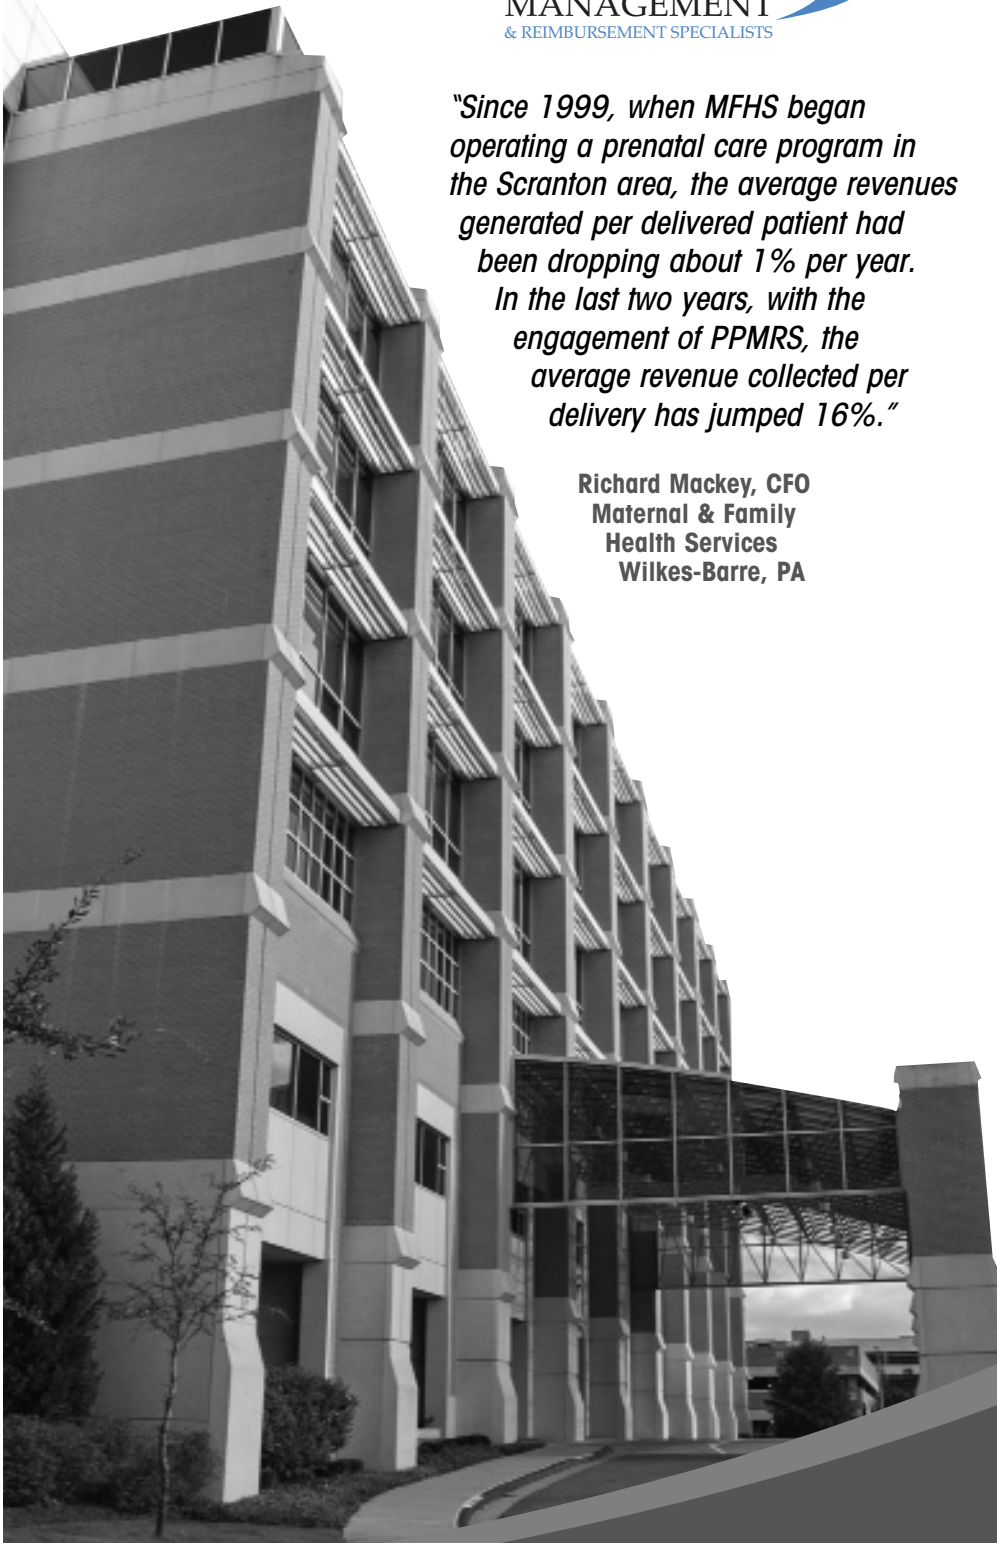

PPMRS provides detailed, billing integration and over-all business and accounting support for mid to large sized hospital-based providers, as well as, imaging and diagnostic centers.

The PPMRS Difference:

- Experienced, professional team of accountants and healthcare managers
- Proven track-record of success
- Most advanced financial management software integrators
- Managing millions of reimbursement dollars for operations like yours

"Improved cash flow through better reimbursements."
